In section 5.03 you say “The vendor shall have a delivery location within thirty miles of Green Cove Springs, FL” What constitutes a delivery location? What is the purpose of this requirement?

Response:

Vendor's are not required to have a delivery location thirty miles from Green Cove Springs unless they will not be providing onsite fitting/measurement services.

Question 19

In section 5.06 you say “The vendor should provide a list of locations where, in the event a new hire is unable to attend a schedule sizing, members may travel to for sizing.” With the current environment surrounding COVID-19, would it be acceptable for our company representatives to utilize your facility for any and all sizings? This seems like a much safer option then having your employees driving to outside locations.

Response:

Yes.

With the current environment surrounding COVID-19, how do you intend to approach sizings/fittings in general?

Response:

Sizings and fittings will be completed at a CCSO facility if the vendor does not have a location within 30 miles of green cove springs.

Question 21

Good afternoon Rhonda. We have a question in regards to the Sheriff's Office RFP for Uniforms and Duty Gear. Does Clay County Sheriff's Office allow substitution of the uniform items (Elbeco)? It is our intention to bid Blauer Uniform Products in place of Elbeco where applicable as it is our understanding your agency is considering making this change for the future.

Response:

Please see Response to Question 2 from Addendum 2. As stated therein, please see section 5.02 which discusses requirements for Alternate products. Further, Bidders who propose an alternate product must provide a product sample by the bid deadline date at no cost to the CCSO.
